

**RIVERSIDE PUBLIC UTILITIES (RPU)
NET ENERGY METERING (NEM)
SURPLUS ENERGY COMPENSATION AND BILLING ELECTION FORM**

Customer Information (as it appears on your monthly RPU bill);

Customer or Business Name: _____

Service Address: _____ City, State, ZIP: _____

Phone: _____ Customer Account Number: _____

NEM Surplus Energy Compensation Option (check one of the following):

_____ **PAYMENT** I elect to receive net surplus energy compensation on a seasonal time differentiated per kilowatt-hour rate for the net surplus energy I generate during my Twelve-Month Period which commences with my regularly scheduled meter read date in January and concludes as of my regularly scheduled meter read date the following December. By making this election, I hereby certify that I have sole ownership of the environmental attributes and renewable energy credits (REC) associated with energy I generate and agree that all environmental attributes and RECs associated with the kilowatt-hours in which I receive net surplus energy compensation shall be the property of RPU.

_____ In lieu of payment, I hereby request that any net surplus energy compensation due be applied to other subsequent RPU monthly charges.

_____ **CREDIT** I elect to receive net surplus energy as a kilowatt-hour credit calculated using the net surplus energy compensation rate and applied against future billing periods for the net surplus energy I generate during my Twelve-Month Period which commences with my regularly scheduled meter read date in January and concludes as of my regularly scheduled meter read date the following December. By making this election, I hereby certify that I have sole ownership of the environmental attributes and REC associated with energy I generate.

Residential or Small Commercial Customer Billing Option (check one of the following):

If Customer is a Residential or Small Commercial Customer (Schedule A Flat Rate), Customer elects to be billed and to make payments to Riverside for Customer's Net Energy Metering Consumption as follows (Check one):

___ **Monthly** ___ **Annually**

If customer affirmatively elects to participate in net surplus energy compensation, this **NEM Surplus Energy Compensation Election Form and two original and completed Net Energy Metering Interconnection Agreements must be returned to RPU within 30 days of receipt.** The net surplus energy compensation rate is posted on the RPU website at RiversidePublicUtilities.com/ElectricRates.

By completing and returning this form to RPU, I confirm the above NEM surplus energy compensation and billing elections. I understand that I am eligible to revise my net surplus energy compensation and billing elections annually by giving written notice to RPU at least thirty days before the beginning of my new Twelve-Month Period. I understand that additional terms pertaining to my elections are included in my executed Net Energy Metering Interconnection Agreement for Renewable Electrical Generation Facilities (Standard Contract-NEM) and RPU Rate Schedule NEM. I understand that net surplus energy compensation may be subject to IRS Form 1099 reporting and will be reported as of the customer of record, including social security number or tax payer identification number.
